

**“The Fiscal Watchdog is Back
and needed now more than ever!”**

Fighting for Holyoke’s Future!

Keeping Holyoke an affordable place to live.

Kevin will protect our seniors and working families from more tax and fee increases because of wasteful spending and lack of accountability.

Kevin knows how to balance our budget. Kevin led the successful effort with 65% of Holyoke voters to stop the largest tax increase in city history that was being pushed by Boston bureaucrats because they refused to properly fund our schools. Kevin will also demand real local aid funding formulas from the state that treat Holyoke fairly.

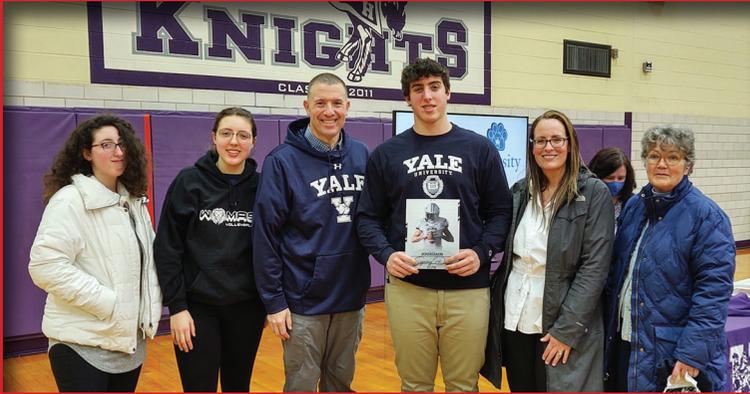

Getting back local control of our schools. Kevin’s kids attend our Holyoke public schools. Kevin stands with our teachers, parents, and students who overwhelmingly want local control back. The Boston takeover has not worked and they have no plan to ever give control back. Kevin is ready to hold them accountable.

Growing jobs and economic development. We need to be more business friendly with fairer taxes and cutting out bureaucracy. Kevin supports economic development strategies that will support job and tax base growth, as well as, clean up unused properties.

Opposes the shutdown of Natural Gas in Holyoke. We need to lift the gas moratorium. It is needlessly hurting business and residential development. Holyoke cannot afford hundreds of millions in unnecessary costs to shut down our natural gas division. Kevin opposes the plan to take away natural gas service from thousands of residents who rely on it and force them to do very expensive conversions to other heating sources. Kevin supports the Gas and Electric Department. He will work with them to ensure our residents have high quality service at affordable prices while also advancing our important green energy initiatives. We can and must do both.

**Elect Kevin
Jourdain
Councilor At Large**

Allison, Jackie, Kevin, Kevin Jr., Shari and Mom Kathy

“Holyoke is presented with so many challenges and opportunities that my 27 years of experience in state and municipal government is needed now more than ever. Our Holyoke can be a stronger and better place but a lot of hard work lies ahead if we are going to make that potential a reality.

Please join our campaign to ensure we have competent proven leadership rooted in common sense at City Hall. No one will work harder and more effectively for you. ***I would be honored to have 1 of your 6 votes for Councilor at Large!***”

Thank you, *Kevin*
